All of this overlooks the dining, living room and outdoor kitchen so that you are always part of the family activity.

The dining area has large glass bi-fold doors that open onto the alfresco and outdoor kitchen. This makes the entertaining area twice as large and gives you your second kitchen and the fully equipped outdoor kitchen has a built in barbeque, bar fridge, bench top, cupboards and sink. The ceiling of the alfresco area is lined in tongue and groove timber cladding and is a real feature of the home.

The living areas continue with a large home theatre room tucked away at the front of the house with a built in projector and surround sound system plus there is a second lounge / TV / games room down the long hallways at the other end of the house perfect for the kids or teenagers to have their own space.

The main bedroom is an adult's retreat with large walk through double doored robe, beautiful luxury Ensuite with walk in shower, spa bath, double built in vanity, heated towel rail and a separate toilet.

The front and rear gardens are all on automatic reticulation.

Out the back there is also a rain water tank connected to the huge roof area of the house with a pressure pump which is connected to the garden areas so the rain water can be used for the gardens or the pool.

Tucked away securely at the end of its own bitumen road is a 12m x 9 metre shed with double sliding doors to the front. Inside the shed is a bathroom and toilet (beautifully done) and the shed has 3 phase power connected.
